

Editorial Paragraphs from the New York World.

If McKinley is elected it will be a great day for the trusts.

The evidence multiply that the republicans are using immense sums of money to win the election.

Mr. McKinley makes speeches almost every day, but his silence about the trusts remains as deep, as wide and as thick as ever.

Hanna now has Senator Quay to help him. We doubt whether the people of the country want to market their goods with the firm of Hanna and Quay.

If McKinley is elected will he enforce the anti-trust law? Will he tell the people now what he proposes to do? Why is he so silent on this great question?

Those are curious revelations which our correspondent, Mr. Creelman, made about the methods of the Hanna managers to buldoze or deceive workmen in Wisconsin.

Mr. Bryan is surely a tireless worker. He has already done enough in this extraordinary campaign to kill an ordinary man, but he comes up as fresh, as smiling and as good humored as ever.

"We might just as well understand that we cannot fix by law the wages of labor," said Mr. McKinley to Pennsylvania workmen on Saturday. Wonders never will cease. Here is the father of that veteran campaigner—"protection means higher wages"—writing its epitaph with never a sob and never a tear!

Kentucky All Right.

Republic.
If there is any danger of the republicans carrying Kentucky this fall, it has not, as yet, assumed alarming proportions, judging from the manner in which Senator Joe Blackburn talked yesterday. Senator Blackburn came yesterday morning to meet Wm J. Bryan. He came direct from Kentucky and knows exactly what is going on there.

"Kentucky is all right," said the senator to a reporter for The Republic. "We do not need sympathy or aid. The only doubtful places are Lexington and the second and sixth congressional districts. They may go republican, but it does not matter if they do. The remainder of the state will come to the rescue nobly, and we will have a majority for Bryan ranging somewhere between 25,000 and 40,000."

I just left the state a few hours ago, and know whereof I speak. The people need not fear for Kentucky."

With Rifles.

Coffeyville, Miss., Sept. 10.—W B Johnson and John Wilbourn, two prominent farmers, fought a duel with Winchester rifles at 50 yards near here, which resulted in Johnson's death from four wounds. An old feud has existed between the men for some time.

Wilbourn and Sam Lewis had been hunting squirrels, and while returning home they met Johnson armed with a Winchester rifle. A dispute arose and Johnson opened fire on Wilbourn. Wilbourn returned the fire and a regular fusillade was kept up between them, which resulted in Johnson being pierced by four balls, Wilbourn escaping without injury. He has been placed in jail.

Stephens Strong in Lewis's Home.

Clinton, Mo., Sept. 10.—A large Democratic Flambeau club was organized in Clinton Wednesday night, amid much enthusiasm a motion prevailed to call it the Lon V. Stephens Flambeau club. Mr. Stephens is daily gaining here in strength, and nowhere in the State is his support more spontaneous and enthusiastic than in the home of his Republican opponent. Democrats here are confident that Mr. Stephens will lead his ticket in strength in Henry county.

The Republicans must be very busy people for the next few weeks if they would carry Kentucky. In 1892 that State gave Cleveland a plurality of 40,020, in a total vote of 340,997. The Populists cast 23,500. With a fusion that would make a majority of 63,520 to overcome.

The United States battleships, the Bancroft and the Cincinnati, will be sent to Constantinople to protect American citizens in case the Turks decide to extend their slaughtering operations beyond the Armenians.

NINE BRYAN BANKERS IN A COUNTY.

And all of them are doing good work for silver.

Topeka, Kan., Sept. 9.—There are nine bankers in Dickinson county who are for free silver and Bryan. They are: John Johutz, Thomas H Malott, Thomas Kirby, H. M. Malott of Abilene; Sidney G Cooke of Herington; C. B. Hoffman, B. A. Flack of Emporia; W. T. Harris and G. A. Rogers of Solomon.

In Abilene the home of J. Ralph Burton, there is a Bryan club of 800 members.

Ayer's Sarsaparilla is not a secret preparation. Any physician may have the formula on application. The secret of its success as a medicine lies in its extraordinary power to cleanse the blood of impurities and cure the most deep seated cases of blood disease.

Is Living in a Grave.

Lexington, Ky., Sept. 17.—John Lawrence Douglass was buried at 5:30 o'clock yesterday afternoon, after being hypnotized by Prof. Edwin H. Boone of Paris, Ky. He is still lying in his grave in the ball park, just outside the city limits.

A committee of citizens saw Douglass interred. Hundreds have visited the scene to day and looked at the apparently lifeless form, the face of which is visible through a seven inch tube.

Health Officer Sullivan visited the park this morning to inquire if the life of the young man was being endangered, but took no action.

Chauncy M. Dewey says that 50 men in New York can stop every railroad engine, the wheels in every factory, all the telegraph lines, and all other forms of corporate enterprise in twenty-four hours, by stopping their supply of money. If this is true it is too much power for that many men to have and they need another Andrew Jackson in the White House to wrest this power from them. We believe that W. J. Bryan is the man and if he is elected which we believe he will be there is good reason to believe that this state of affairs will not last 6 months. —Auxvasse Review.

Are You Thin?

Look about you! See for yourself! Who suffer most from sleeplessness, nervousness, nervous dyspepsia, neuralgia, despondency, general weakness? Who are on the edge of nervous prostration all the time? Those who are thin, Opium, chloral, bromides, headache powders, only make matters worse. Iron and biters are only stimulants. To be cured, and cured for good, you need a fat-making food. You want new blood, rich blood; and a strong nerve-tonic.

SCOTT'S EMULSION of Cod-liver Oil with Hypophosphites is all this. It feeds the tissues, makes rich blood, and strengthens the nerves.

Book about it free for the asking. For sale by all druggists at 50c. and \$1.00.

"The Way to Fix it,"

said the Deacon when planning a chaise that couldn't break down, "is to make the weakest spot as strong as the rest." This is what JOHNSON'S BELLADONNA PLASTERS do to the human vehicle. They touch the weak, sore, aching, tender spots, and make them strong as the rest. See the Red Cross on the plaster—the sign of genuineness and merit.
